Description and inspiration behind the CD by the author

My Beloved, my one true love, my heart's desire, thank You for this journey to Your chamber. For Your love goes on and on, more vast than the universe, deeper than the deepest ocean. Thank You for allowing me to sit at Your feet and gaze at Your beauty. To breathe You in so deeply, to be intoxicated by You forever. How could I ever desire another, for You have captivated my heart?
