Prov. 23/7 Luke 1/37 Mark 9/23 11/22-24 Eph. 3/20
Acts 2/17 2 Cor. 1/20

■ Don't settle for what is, when you know what is to be!

■ Don't agree with circumstances, if they don't align with your calling & vision!

■ Circumstances can't stop God from being faithful in your behalf, but God can cause circumstances to change!

■ Greater is He that is in you, than that which is in the world!

■ Situations you enter into are circumstantial & temporary, while your redemption is positional & eternal!

■ God causes your vision to be larger & greater than your sight!

■ Vision is what you say, sight is what you see!

■ You can make a greater impact in life with vision than by sight!

■ Sight is what is presented to you, vision is what you present!

■ Vision is prophetic, sight is observational!

■ Vision is proactive, sight is reactive!

■ Sight shows you what is, vision shows you what is to be!

■ Sight comes from your eyes, vision comes from your heart!

■ Growth is spurred by believing in your vision, growth is stifled by settling by believing what you see!

■ Godly vision keeps you motivated & stimulated; earthly sight can keep you sedated!

■ Do you settle for what your 5 senses tell you, or do you hunger to manifest what you sense in your heart?
